### Treatment Report

all is going well at the teen treatment center, provided 2 big books 1 daily reflections and 1 12x12, need more pamphlets, bridge the gap cards were well received and are being used.

Last meeting 4 regular members from primary purpose attended we had a great meeting:

Talked to Director Brew he would like some info on the state convention, I would also like to set up something for this spring on getting some of the clients down to primary purpose for a noon-meeting some Saturdays, perhaps we could do a hot-dog cooking out after the meeting?

~~Center also wants info on state convention~~

Activities - The same camp & float location as last year was booked for the weekend of June 14, 15, & 16. The required deposit of \$100 was reduced to \$50.00 by Campground. The minimum price remains the same but is not all required upfront. Flyers were printed by Bill D and are being distributed. A estimate of total costs is being prepared to see what costs of alternate flyer printing would ~~cost~~ cost and the best way to go if this wasn't a donated task. There has already been interest from the few groups the flyer was brought to.

Archives - more surrounding areas have been included for the archives story project. A member celebrating 30 years at the Barber shop birthday night expressed interest in contributing his story. From the little I got to hear at the meeting, it will make a good addition, other than that nothing to report.
